H [REDACTED]

I am writing to politely request that you select Plus Forth Valley to be the tenant in your fantastic new Cornton Family Hub.

My son [REDACTED] has been supported by Plus for the last 13 years. He is now 16 years old. He is diagnosed with a genetic condition (SCN2A), Autism and a Learning Disability.

Plus plays a huge part in our lives and enriches [REDACTED] life experiences through 1;1 care in the community and group events at their head office in Springkerse.

The quality of care provided by Plus is exemplary. However the reality is the setting is far from ideal. It is in poor condition and is based in an industrial estate.

Your new premises would be a fantastic base for Plus allowing them to better support the families they already support and also expand their services to help even more families living with children with additional support needs right across the Stirling area.

Without the support of Plus our family would find life infinitely harder and [REDACTED]'s quality of life would be considerably diminished. They give [REDACTED] the opportunity to access activities that interest him and tailor the experience to maximise his enjoyment and learning potential.

This is the case for all the young people they support

Please help Plus grow further by choosing them as your partner in Cornton Family Hub.

Regards

[REDACTED]
