**Subject:** Premises application PLUS

Hi [REDACTED]

Just a short mail to help support with the PLUS Stirling application to secure premises at the Family Hub at Cornton Vale. This charity is amazing in terms of the support PLUS provides, with such short notice this charity may not survive if they cannot secure new premises urgently.

That would be a massive loss of support to the community and the families they provide care and support to, therefore can i please ask you all to consider this and the impacts to the people who rely so deeply on this support when making your decision.

Many thanks in advance
