**Subject:** PLUS

Hi [REDACTED]

I am writing to support PLUS with the asset transfer of the Family Hub.

PLUS provides support to a significant number of young people and adults in Stirling and the surrounding areas. Without plus, many families would be left without support. Plus creates a safe space for their children to come to. The families know they will be able to leave their loved ones in an environment that will care and look after them. It allows the families to have a chance to spend time with their other children or carry out tasks they need to that they can't with their children.

Having this building would mean plus will be able to continue for many more years and continue to provide much needed support to the local community.

Regards,
