Regarding [REDACTED] Sessional Staff member at Plus forth Valley

[REDACTED]
Hi [REDACTED]

Hope your well

Plus is an amazing charity it has completely changed my Approach on Life Before I joined plus, I was nothing but a waster constantly partying out drinking rude to others always thought I was better than other people. Plus has completely changed my Life I'm forever grateful that [REDACTED] took a chance on me. [REDACTED] and the core team are some of the most hard-working individuals I've ever met in my life Pure dedicated, passion , Hard work and give so much of their time and effort for the charity. I've realised life is about being kind to other people and looking out for others who maybe have additional struggles in life and ensure kindness and safety for them. I've truly loved working at Plus helping supporting amazing individuals working with great selfless individuals. I think plus really benefits the community it's an amazing save place for young people to go and play and interact with people their own age in a safe environment so that the parents don't need to worry and can have some much-deserved rest bite. Plus has Been invaluable for me as a person and for many many families in the Forth Valley community. Plus, would massively benefit from your building as it reassures families so that there loved ones can Play and interact with other young people their own age in a safe environment . I've loved very second working at plus it's been an absolute privilege and everyone who works for plus has a heart of Gold and just wants the best for every young person and adult.

Here is my phone number below if you'd like to talk more about this invaluable organisation.
