Subject: Plus

Hello [REDACTED]

My name is [REDACTED] and I live at [REDACTED]

I would like to give you my thoughts on how Plus has made an impact on my nephew! Plus is a great organisation who put the needs of the children first and I have seen this first hand with my nephew. I hear stories of how much my nephew loves attending plus and how much he thrives at the events, he struggles with socialising however hearing that he has a best friend at plus is music to my ears!

If plus were to get the Cornton hub, I feel this would benefit plus massively and the community around it! I know plus puts 110% into everything they do and they are a huge asset to Stirling community and the families they support!

Thank you for your time
