Good afternoon [REDACTED]

My name is [REDACTED] and I am emailing you in regard to the Family hub within Cornton.

Support for Families have helped my children and family during times of Bereavement, Divorce and counselling with my daughter who may soon be diagnosed with ASD & ADHD. Throughout these trying and very traumatic times in our families life, Support for Families have directly given me and my children counselling to support their Mental Health and Well-being. To support them in learning through a variety of high quality but mostly fun learning experiences that has massively improved positive outcomes for us all. Therefor I would like to nominate Support for Families and their incredible team of Passionate, Friendly, Nurturing, Trauma informed professionals to take on this role as I know first hand what a massive positive impact they can make to children's and families lives. This team have an ability to connect with vulnerable people when they need it most.

If you require any more information don't hesitate to be in touch.

Kind regards
