Subject: Asset Transfer

Dear [REDACTED]

I am writing to express my strong support for Support for Families' request to acquire the former family hub at Cornton Vale through a community asset transfer.

Support for Families have played a crucial role in supporting my family who have been affected by substance use. I believe that granting them ownership of the property will enable them to continue their vital services.

I kindly ask for your consideration and support in this matter.

Your Sincerely,

[REDACTED]
