Subject: Former family hub at corntonvale

Dear [REDACTED]

I am writing in regards to the former Family Hub based at corntonvale and to give points of support for Support for Families. As a parent who is using this service I can see what a huge merit it would be to the charity. The hub offers a space that would be invaluable to support for families to expand and continue their support to the families that rely and use this service. It would provide an outdoor space, garden, multiple service rooms to offer and expand on the already vital and much needed support this group offers. I myself have found the support given to myself and my girls amazing, the relationship and experiences this group offers to children and their families, a safe space for the children to be and experience things they may not at home. I'd like to voice that this Hub space would allow this service to excel and be huge asset to its users, offer more space, quiet space and outdoor space for the users to enjoy and be given further support.

Kind regards

[REDACTED]
