Dear [REDACTED]

I am emailing you with regards to S4F and their application to take over the family hub in Cornton.

At Transition Stirling, we support S4F as much as we can with waste or excess food which can be used for their groups. From our work with them, we are aware of how unsuitable their current premises are for what they do and that they need the space to grow and allow more users to access their service.

In our opinion, they would make a real difference in the Cornton community and be an asset to the area.

Kind Regards

[REDACTED]
