Subject: Plus Forth Valley

Hello

I am writing in regards to pledge my support for Plus Forth Valley. My Name and address can be located at the bottom of the email.

I am the [REDACTED] at Stirling Carers Centre and we support unpaid carers. Many of our clients have children with Additional Support Needs and the support that they receive from Plus is life-changing for them. Having Plus take over ownership of the Cornton Hub will be amazing not only for them, but also for the Cornton community, this will allow a place where local people could perhaps offer their time and volunteer as charities thrive from this. Allowing them to operate from a central area of Stirling will be great for transport and will be easily accessible by service users from all areas of Stirling. Plus also offer lots of community events to raise awareness for not only their service but that of others in the area. Partnership working like this is key to supporting people in the area, especially in times of financial difficulties across local authorities.

Our service users only speak in high regard of Plus and the difference that this has made to them, from early years when families are dealing with the enormity of what life will be like for them now through their school time and much more. Plus also gives families respite whilst their loved in is being supported in a safe and nurturing environment.

If Plus were to be successful with this asset transfer it will take away a lot of worry and stress for Employees and Service Users. From a company perspective senior management will be able to focus on growing Plus and working towards goals to support more local families. This can only have positive impact for many.

I support Plus fully with this and I wish them the best of Luck, they truly deserve this opportunity as do the children and families that they support.

Thanks
