s4f

Good afternoon

I have been receiving 1:1 support from Support for Families in Stirling.

I am the mother of an addict. For over a decade I have suffered severe mental health problems with no desire to live.

I have had support from many sources but with little impact.

Until s4f. The support there has put new meaning into my life. My relationship with my son is so much better. He may never be fixed but I no longer want to die.

These premises are very limited to say the least. Proper purpose premises would help them deliver more to more people and continue to change the lives of many families in the Stirling area.

I support full heartedly their bid

Kind regards
