**Subject:** Support for PLUS Forth Valley application

Hi [REDACTED]

I hope this email finds you well.

I'm reaching out on behalf of PLUS Forth Valley to support their recent asset transfer application for the Family Hub in Cornton. I believe it is of crucial importance that PLUS secures ownership of the building in order to ensure a bright and positive future for PLUS and the families they support. Especially after the recent concerns they faced potentially losing their premises earlier this year.

PLUS plays a crucial role in the Stirling community, offering respite to families and creating a safe space for service users to socialise and enjoy. For many young people, PLUS feels like a home away from home.

Not only would securing the building mean that PLUS can better serve their users by being able to tailor the property to their needs, the location would be extremely advantageous for both PLUS and the local community.

I hope this endorsement, along with the many other voices supporting PLUS Forth Valley, will show how valued they are by the Stirling community.

My contact details are:
