Subject: Secure a base for PLUS

Hi [REDACTED]

I was asked if I could get in touch with you to let you know my thoughts on why it is so important to secure a base for PLUS at the Cornton Family Hub, and I'm very happy to share these with you.

As a former employee of PLUS for over 3 years, I regularly witnessed how essential their services are not only for children and young adults with disabilities, but also for their parents, carers and extended network. PLUS offers a lifeline of support, which breaks down some of the barriers and challenges faced daily by people with disability, including loneliness, isolation and inclusion.

The organisation has been through the mill recently with all the uncertainty surrounding having a safe and welcoming space to act as a base and delivery hub for services. Despite this, they have held on in the hope that a solution would be forthcoming. Being able to create a permanent base at the Cornton Family Hub is exactly the solution that would help alleviate this unsettling period by allowing PLUS to create a strong, recognisable, positive presence within the heart of a community.

Given the right chance, PLUS can be the difference that enables families not just to survive, but to thrive.

I've kept this brief as I'm guessing that like me you are exceptionally busy. I'm more than happy to expand on my thoughts, if that would be at all helpful.

Best regards
