Plus Forth Valley

Good evening,

I hope this email finds you well. My name is [REDACTED], and I have joined the Plus team in June 2022 and I wanted to take a moment and express why I strongly believe Plus would greatly benefit from the proposed asset transfer.

To me, PLUS is not just a service provider; it embodies the spirit of support, inclusivity, and empowerment within our community. It provides assistance for young children with additional needs and their families who are facing challenges, providing them with essential resources, guidance, and a sense of belonging. Without PLUS, many young people would miss out on the opportunity to have fun, interact with others, and simply be themselves in a safe space. It's not just about providing a service; it's about offering families respite time and giving young people a chance to create cherished memories and form meaningful connections.

As a staff member of PLUS, I have seen how essential this organization/community is for so many families and how essential is for the staff, who put so much passion, love and care into their work, knowing that we are making such a positive impact on young people.

If PLUS were to successfully acquire the asset in question, it would not only secure a physical space but also ensure the sustainability and expansion of its vital services. This would enable PLUS to reach more families in need, offering them access to multiple forms of assistance that contribute to their overall well-being. PLUS promotes inclusivity and understanding, which strengthens our community and fosters compassion, empathy, and mutual support.

In conclusion, I'm all for the asset transfer proposal because it's vital for the young children and their families. Supporting PLUS in getting this asset isn't just about its future; it's about investing in the well-being and success of our whole community.

Thank you for considering this proposal.
