**Subject:** PLUS Forth Valley - Cornton Hub asset transfer

I wanted to drop a note of support for Plus, as they seek to secure premises that are critical to the continuation of their invaluable contribution to the local community.

I know of the organisation through my Nephew who joined them at the age of 17 some 17 months ago. He quietly but passionately works and supports Plus because he believes in delivering the support and can see the impact it has on young people and their families. He and the team live and breath the powerful values of the organisation Integrity, Respect Compassion and Dependability. Those words say it all.

Many of us are so fortunate to enjoy good health and don't have the life challenges living with, or supporting family members with disabilities, presents. Plus and its people be they trustees, staff or volunteers work tirelessly to bring to life their vision of 'working to help people with disabilities and their families belong, have fun growing and be valued'. Things so many of us take for granted.

To continue to provide this high quality and impactful support, to such deserving young people and their families the organisation need to be supported in their efforts to secure premises and allow them to focus their skills and energy on the unique support they offer to the local community.

I hope that they are afforded this support at this time.
