Support for PLUS

I am writing to show my support for PLUS and its bid to access appropriate accommodation.

PLUS provides a vital resource to children and young adults with additional needs within Forth Valley. In addition, the much needed support to families is essential. I have seen first hand the positive impact PLUS can have. My niece loves her time at PLUS, whilst the hours of support she receives gives the rest of the family an opportunity to do things which are not possible when she is present.

In order to continue to provide this fantastic service PLUS need appropriate accommodation.

Kind Regards
